Covid-19 Student Support Services Update- #2

4/1/20

Dear Dudley-Charlton Families,

I trust this letter finds you and your loved ones well, despite these unknown and ever-changing circumstances. I want to take a moment to update you on a few changes since my last communication to you.

As a District we are beginning to hold virtual IEP meetings for annual reviews, or in a few instances where evaluations and reports were already completed. Your child's assigned Special Education Coordinator will be reaching out to you in regards to scheduling, and contact information is listed below should you need it. While we are happy to meet with you in this way, we also understand that some of you may wish to wait and hold a meeting face to face when our schools open again. All IEPs that extended beyond their annual review date will be implemented as "stay put" upon return and until a meeting can be held. Three year re-evaluations that are in process or will be coming due during this extended closure will be placed on hold, as we cannot conduct evaluations virtually. We are waiting for additional guidance from the state as to how/if these will be impacted once schools re-open.
