## What else should you know about our school?

The Dudley-Charlton schools have implemented EnVision Mathematics in Grades K-5. This program is based on the Common Core Standards for Mathematics and is supported with professional development for staff, as well as parent trainings. Students work on math fact fluency and are assessed school-wide to gauge progress toward benchmarks. In English Language Arts, students continue to work with the comprehension strategies outlined in the Keys to Literacy program. There is an emphasis on answering and creating higher level questions, as reflected in Bloom's Taxonomy. Students receive instruction to develop critical academic vocabulary that is highlighted in both reading and composition skills. In addition, each grade level will introduce at least one of the DESE Model Curriculum units to focus on specific ELA skills as outlined in the Common Core Standards.
