All,

I have a few items to share with you this evening.

The Heritage School experienced a small electrical fire in the library ceiling as an outside vendor was completing work in that environment. This occurred just after dismissal and the Charlton Fire Department was on scene shortly thereafter. This did not cause damage beyond the immediate location of the small transformer in the ceiling in the library, but due to some smoke and a distinct odor permeating that area of the school and airing on the side of caution, all individuals present were asked to be dismissed and the logistics for afternoon remote learning caused us to cancel for the day. The Charlton Fire Department will visit and inspect the school in the early AM tomorrow. We do look forward to welcoming scheduled students tomorrow, Tuesday March 2, 2021.

I also write to share that our COVID Coordinator, Ms. Anne Marie DeMorris, has worked with our Webmaster Ms. Kelly McDonald to launch our new [COVID Dashboard](#). If you have questions about the information located on the COVID Dashboard, please feel free to contact Ms. DeMorris at ademorris@dcrsd.org.

Happy March!

Respectfully,

Steven M. Lamarche

Superintendent of Schools
