All,

Happy Veterans Day! Thank you to our veterans and active military personnel for your service and sacrifice to our country, community and families.

In addition, I write to share that we learned this morning of three (3) new positive COVID-19 cases in our educational community. We have been in contact with our health agents and contact tracing has commenced. If you are impacted by these new positive COVID-19 cases a health agent will contact you. I know today is a holiday, but I respectfully ask that you please take the health agent's call.

I will provide a subsequent email once contact tracing is completed.

Respectfully,

Steven M. Lamarche

Superintendent of Schools
