All,

I write to share two items with you.

This mid day, bus #28 in Charlton was involved in a minor [sideswipe] accident on a narrow road. The bus's mirror was knocked off. There were nine Charlton Middle School students on the bus and no injuries were reported. The police responded and all families have been contacted. A new bus was dispatched as the bus could not safely continue without a side mirror. Again, no injuries were reported.

Additionally, we have two new cases today in our educational community and contact tracing has been completed for one and contact tracing was deemed unnecessary for the other as the member has not been attending in-person as a result of self-isolation.

Again, we do not have evidence that these cases are due to attendance to school as the evidence continues to point to families and activities outside of school.

Respectfully,

Steven M. Lamarche

Superintendent of Schools
