

Criteria for placement into 7th Grade Spanish

The criteria for a student to be offered a spot in the 7th grade Spanish Class with Mrs. Ye is a final average of a 95 or better in their 6th grade ELA class. If any students decide not to take the class we will offer the spot to the next highest ELA average.

Criteria for placement into 8th Grade Spanish Classes

Spanish 2: The pre-requisite of completing a Spanish 1 class must be met. A student who completed the 7th grade Spanish 1 class will automatically be placed in the Spanish 2 class unless the office is notified that the student is not interested.

Spanish 1: The criteria for a student to be offered a spot in the 8th grade Spanish Class with Mrs. Ye is a final average of an 88 or better in their 7th grade ELA class. If any students decide not to accept the offer of Spanish 1 the spot will be offered to the next highest ELA average.

Criteria for placement into 7th grade Pre-Algebra

The criteria for being selected was made through a combination of a student's final math average and their score on the Pre-Algebra placement test. All students who are being offered a spot in the Pre-Algebra class had both a minimum final average of a 92 combined with a minimum of 25 correct answers on the placement test. If any student decides not to take the class we will take the next highest student on the placement list.

Criteria for placement into 7th grade Target

The criteria for a student to be offered a spot in the 7th grade Target class is a final average of an 84 or better in their 6th grade Mathematics class and 10 or more correct on the placement test. If any students decide not to accept the offer of a Target class the spot will be offered to the next highest Mathematics average

Criteria for placement into 8th grade Algebra

Priority will be given to students who took Pre-Algebra and met with success in the Pre-Algebra class with a grade of 90 and up. Students who had a final average in Target of 95 and up and a score of a 75 and up on the placement test will be considered for a move into 8th grade Algebra.

Criteria for placement into 8th grade Target

Priority will be given to students who took Pre-Algebra with a grade of 85 and up and 7th grade Target students who scored 80 and up. Students who had a final average of 90 and up in 7th grade general math as well as a 50 and up on the placement test will be considered for a move into the Target class.
